Planning Commission Approves Palomar Plan

Redwood City's planning commissioners Tuesday approved additional changes in the proposed Palomar Park annexation, recommending that additional land be taken into the proposal in order to form more regular boundaries.

Declaring that the council members were opposed to the annexation as originally presented to them by 25 residents of Upper Palomar Park, the planning commissioners proposed the inclusion of land between West Union Rd. and Whipple Rd., a parcel between Whipple Rd. and Cordilleras Creek, and an 800-foot-wide strip of land west of Palomar Park.

The taking in of that land squares off the boundaries of the annexation, the commissioners pointed out, and thus alleviates the irregular boundaries to which councilmen had objected when the matter was first proposed.

The commissioners' recommendation was that both Upper and Lower Palomar Park be included in the annexation.

At a recent council meeting, residents of Upper Palomar Park appeared to request the annexation of their property. By being taken into the city, they explained, a problem of water supply would be solved for them.

Because Lower Palomar Park residents are able to obtain their water from Redwood City under the terms of an agreement, they were not desirous of being annexed, it was pointed out at that time.

The area between West Union Rd. and Cordilleras Creek was also not under consideration under the first proposed annexation, but the commissioners recommended that it be included in order to make a more regular boundary.

Original petitioners for the annexation today indicated that they would contact residents in the area included in the commissioners' recommendation and that a public meeting may be scheduled in order to sound out opinion on the matter.

Present at last night's meeting were representatives from Redwood City automobile companies who voiced disapproval of a clause in the proposed city ordinance to set standards for used car lots.

The clause, which would make mandatory the building of a fence around the lot, was deleted by the commissioners, after the representatives had approved all other conditions in the ordinance, including paving and other improvements of the lots.

A representative from the Currie Manufacturing Co. was present to request rezoning of property in the rear of the company's plant from residential to commercial. The commissioners decided to take the steps necessary for the rezoning, and residents of the vicinity will be instructed of the proposal.

Present at last night's meeting were Henry Witte, chairman, City Atty. Paul A. McCarthy, Albert J. Morgan, Jr., John Layng, Ed Allen, City Mgr. W. Mead, and Charles Randlett of the city engineer's office.

R.C. Eagles Initiate 30 Members Sunday

Initiation of more than 30 new members into the Redwood City Eagles is being planned for next Sunday night at the Odd Fellows' Hall, Pres. Alton Crier reported today. Addition of these new names to the group's scrolls brings its wartime membership to a new high, Crier added.

The Eagles card party, which was originally scheduled for Nov. 24, has been moved to Dec. 1 so as not to conflict with a similar activity being conducted by the Veterans of Foreign Wars, Secy. Clifford Clarke said today.

Supervisors To Get Plans For Airport

Plans for a municipal airport for Redwood City will be taken to the floor of the San Mateo County Supervisors' meeting next Tuesday, following approval this week by the Redwood City Aero Club to send a delegation to the supervisors' meeting to urge their support in backing such a project.

Ernest H. Werder, a member of the Aero Club, and John De Polo, instructor in aviation at Sequoia High School and director of the Civil Air Patrol in Redwood City were named representatives of the organization; however, many additional members, including Lt. James Ferrell, founder of the club here, are expected to appear before the supervisors.

Previously, the county has delayed all action on proposed plans for airport sites within the county, pending reports from both state and federal governments on the amount of support that could be assured from each of them, if the county were to undertake building of one or more fields.

The county planning commission several months ago submitted recommendations for proposed sites for two major airports in San Mateo County; one of which would have been constructed in Redwood City on the land now owned by Red Feather Products, and the other was in San Mateo, just north of Bay Meadows race track.

Action of this recommendation was withheld by the supervisors.

Aero Club sessions are held each Monday night in the mechanical drawing building at Sequoia High School and is open to all aviation enthusiasts in this region, Ferrell explained.

This week, members received instruction by De Polo on aerodynamics, including the basic laws of motion, characteristics of air flow, and how these relate to flight.

Circus in His Blood--- Boy Leaves R.C. Home

A 14-year-old boy, who left his home in Redwood City in order to join a carnival troupe in Albany, was returned here yesterday by Sgt. S. E. Douglass, Redwood City police reports showed this week.

Sergeant Douglass, suspecting that the youth may have followed a carnival troupe from Redwood City where it recently played, went to the East Bay city where he found the youth on the carnival grounds.

The boy left his home last Thursday.

Menlo Park City Council Endorses 6th War Loan Drive

Mayor Donald Fisher's proposal for Menlo Park to subscribe over it's quota for the sixth war loan drive which opens Dec. 20, met with the unanimous approval of his fellow councilmen at Tuesday's meeting of the Menlo Park City Council.

Mrs. Jerome Potter, chairman of the Menlo Park war loan drive, added that a bond rally will be held at the city hall, 8 p.m., this Friday evening. Motion pictures will be shown and everybody in the community is invited to attend. She also stated that volunteer workers are needed very urgently for this coming war loan drive.

John Sullivan appeared before the council to file a protest for 22 property owners on Mills St. Sullivan said:

"We understand that a permit has been granted by the city building inspector to move the 'shack' on Dr. Moore's property on El Camino Real, Menlo Park, to a lot on Mills St.

"We protest the granting of such a permit on the grounds that the 'shack' does not conform with the building ordinances of Menlo Park and that it will injure property owners in the vicinity of Mills St. by decreasing the value of their property."

Max Mielke, city building superintendent, advised the council that the structure in question met all the necessary requirements of the building code of that district.

Mrs. F. S. Backer, city clerk, told the council members that her husband had purchased the building and assured them that they had no intentions of living in the house until it was completely finished to the satisfaction of all neighbors.

Mayor Fisher proposed that the councilmen investigate the matter personally and make a report at the next meeting.

J. O. Yount, acting chief of police, submitted to the council a report of the police department for the month of October.

Yount reported that the department collected $393.25 for business licenses; $459.50 for traffic fines; and $72.50 in miscellaneous fines.

Police Commissioner Lloyd Neumann proposed that a new police car be purchased to replace the present one. The council unanimously approved the proposal and voted $850 to be used for the purchase.

A report from Max Mielke, supercouncil by Commissioner Charles Burgess. The report covering work done under Mielke's supervision for the month of October was approved by the council members.

The council agreed to adjourn until Tuesday, Nov. 28, 7:30 p.m., at the city hall.

Two Redwood City Youths Jailed on Theft Charge

Two Redwood City boys, aged 13 and 16, were returned to the juvenile home Tuesday after being picked up by Santa Cruz police for the theft of an automobile Sunday night.

The youths, who took a car belonging to Archie A. Kell of 416 Douglas Ave., from the vicinity of the Sequoia Theater Sunday night, drove as far as Sunnyvale where motor trouble forced them to abandon the car.

They then hitch-hiked to Santa Cruz where police, suspicious of their actions, questioned them and discovered that they had taken the car from Redwood City.

The famed tower of Pisa leans 14 feet from the perpendicular.

6th War Loan Drive Opens Here Monday

Plans were being made this week for the opening of the Sixth War Loan Drive in the Redwood City area which will begin next Monday and run through Dec. 16, according to Carl Ward, chairman of the drive committee.

A quota of $750,240 including $311,216 Series "E" has been set for this area.

In the Fifth War Loan Drive, the Redwood City area sold $1,176,954.50 surpassing the quota by nearly $300,000.

Included in the Redwood City area drive will be Woodside, Portola, Emerald Lake.

Assisting Ward in the drive will be W. M. Martin and Hall Jacobs who will have charge of industrial sales; Mrs. Florence Donnelly and Mrs. Alice Stafford, in charge of block sales; Clarence Argo and Andrew Spinas in charge of the school committee; A. H. McGovern in charge of publicity; Dr. Sumner Hardy, directing the Woodside-Portola area drive; Henry Witte in charge of the real estate board.

Chairmen of the street sales, special events and retail merchants sales will be named later.

Members of the permanent general war finance committee are J. A. Buhler, chairman; Floyd McCue, T. N. Thompson, Fred Gibbs, Hall Jacobs, Carl Ward, Walter Kellogg, Robert O'Connell, Mrs. Henry Beeger and Mrs. Vera Liguori.

San Carlos Athletic Club Sets New Record By Getting 192 Members To Donate Blood

The San Carlos Athletic Club has set a record for organizations on the honor roll of the San Mateo County Blood Bank, by trying to get all of its 192 members, who are physically able, to sign up as blood donors.

The club members are now appearing at the blood bank on Monday and Thursday nights to give blood. The first contingent from the club to become donors are Douglas Ogilvie, chairman, and Mrs. Ogilvie, Orville A. Carlock, Fred Cease, Clarence R. Thuor, John E. Freamer, Thomas Alfonso, Lloyd M. Silva, Mr. and Mrs. A. J. Cameron, William R. Barthold, Ralph D. Miner, George C. Urian, Louis Vargas, Mrs. Vincent Turturici and Mr. and Mrs. William Mohlfeldt.

"The large signup from this one organization is a splendid example of Americanism," said Mrs. P. J. Hanzlik of the county blood bank staff. Some of their members know from first hand experience the need of the Bay Area army and navy hospitals for a continuous supply from us of fresh blood and frozen plasma.

"The county blood bank has thus far been able to answer every call from the service hospitals, even though we have had to draw deeply into our reserve supply. We are indeed grateful to the members of the San Carlos Athletic Club for their wonderful co-operation. Their reward lies in the realization that by giving their blood they provide life to service men."

Redwood City Red Cross To Contribute $800 for Gifts to Men at Dibble Hospital

Redwood City Chapter, American Red Cross, this week assumed the responsibility for providing $800 with which to buy Christmas packages for patients at Dibble Hospital.

The executive committee voted to take the money from Red Cross funds rather than to appeal to the public in a campaign so soon after the War Chest effort and before the Sixth War Loan. Chmn. James W. Thornton said a special gift of $500 would be devoted to the purpose and the additional money would be taken from the camp and hospital service fund. He said a request has been made to the War Fund to participate, but doubted that that organization could legally participate.

An appeal will be made to the public, it was explained, to make Christmas gift boxes and deliver them to the Red Cross for the men who will be at sea on Christmas Day.

Members of the executive committee and the advisory board met in the Red Cross canteen for their semi-annual dinner meeting last night. Thornton spoke on the accomplishments of the chapter during the first half of its budget year and predicted that the War Fund quota for local purposes would be reduced next year.

Clyde Baird, administrator in charge of chapter service for the Pacific Area, American Red Cross, told of the work of the national organization, particularly in providing aid for prisoners of war.

"More men have been captured in this war than ever before in history," he said.

The Red Cross provides aid to prisoners with capture parcels containing clothing and other essentials; packages of government high vitamin food packed by ARC; medicine kits; bales of army and navy clothing; seeds and cook books, and news bulletins.

Baird urged that local chapters maintain their disaster service at peak efficiency. He pointed out that the Red Cross was functioning 30 minutes after the Pt. Chicago explosion, and that Auburn chapter was on the scene shortly after the wreck of the Challenger.

RUBBISH FIRE

Redwood City firemen Monday extinguished a small rubbish fire in the rear of Cuddy Motor Co. on El Camino Real before any damage was done. The blaze, which was at 7:04 p.m., started in a pile of automobile upholstery material, firemen said.

161 Donors Visit Blood Bank Here

One hundred and sixty-one persons were blood donors on Armistice Day when the Red Cross Mobile Unit visited Redwood City, Red Cross officials stated here Monday.

Five persons represented the Lions' Club on the list of donors. They were Phil Hastings, who has given blood 4 times, Norman Menifee 5, Wayne Millington 3, H. W. Ramsey 8, and Dr. Westly Taylor, 4 times.

Donors from the Eagles' Club were W. LeRoy Cheney 7 times, John H. Poole 8, Mrs. Frank Shottler 8, and Guido Simoni, 8 times.

A. C. Heaton, who has been a blood donor 11 times, and Vernall Thomas 5, represented the American Legion.

Other firms and groups being represented were Dalmo Victor, 3 persons; McKesson Robbins, 2; Pacific Portland Cement, 6; Pacific Telephone & Telegraph Co., 4; WAC recruiting office, 2; and the following by 1 person each: Redwood City Police, Safeway Stores, State Guard, S & W Cannery, Sequoia High School, Johns-Manville, Pacific Gas & Electric Co.

Appointments are now being taken for the next visit of the mobile unit which is scheduled for Friday, Nov. 24.

New Orchestra May Be Formed

Anyone desiring to take instruction in orchestra at Sequoia Adult Night School may contact Elna Mansfield at Palo Alto 2-3592 after 5:30 p.m. for further information, Miss Mansfield said this week.

Max Gelber, Sequoia orchestra instructor, would have charge of the orchestra if one is formed, Miss Mansfield said. The class would meet one night a week, the night to be decided upon after registration of students.

Anyone of high school or above who has his own musical instrument and who can play an instrument may enroll, Miss Mansfield said.

Co. Accident Toll: 2 Dead, 13 Injured

A stormy two-day Armistice Day holiday took a heavy traffic toll in San Mateo County with the deaths of two persons and injury to 13 others. Two of the persons hurt suffered critical injuries.

Most seriously injured yesterday was Mrs. Mary Martins, 51, 532 Commercial Way, South San Francisco, who suffered several lacerations of the head and face and a possible brain injury. She is undergoing treatment at South San Francisco Hospital.

Mrs. Martins was injured at 10:10 o'clock Sunday when the automobile driven by her husband, Antonio, 53, struck a parked cattle truck operated by Kenneth E. Nichols of Hollister, on Bayshore Hwy., 1¼ miles south of San Bruno Rd., the California Highway Patrol reported.

Martins suffered lacerations of the forehead and Antonio Martins Jr., 31, suffered lacerations of the tongue and internal injuries. Nichols was not injured.

Still being sought today was the hit-run driver who struck down and killed Lewis A. Stowe, 54, Willow Rd., Menlo Park, early Saturday morning on Bayshore Hwy., north of University Ave., East Palo Alto.

Lt. Comdr. Harry M. Isnor, 32, U. S. Maritime Service, San Jose, was killed at 7:55 a.m. Saturday when the car he was driving skidded across Bayshore Hwy. in the north end of the county into the path of another vehicle. A passenger in his car, Harry N. Petersen, 34, merchant marine, San Jose, was seriously injured and was in the South San Francisco Hospital for treatment.

Three persons were injured at 9:05 Saturday when an automobile driven by Raspberry Richmond, 25, Negro, 7 North Eldorado St., San Mateo, and a Pacific Greyhound Bus driven by Willy de Jong, 23, 1610 El Camino Real, San Mateo, collided on Bayshore Hwy. one-fourth of a mile south of Millbrae Rd.

Richmond was treated at Mills Memorial Hospital for cuts and bruises and dismissed.

Zeone Hines, 20, 215 North Eldorado St., San Mateo, riding with Richmond, was treated at Mills Hospital for a shoulder injury and dismissed.

Mrs. Marjorie Murray, 18, 819 Mt. Diablo St., San Mateo, was admitted to a San Mateo hospital for treatment of a shoulder dislocation suffered in the same accident.

Arthur M. Hutchinson, 32, 827 Brookline Ave., driver of a car which collided with a car driven by Albert Birdsall, 58, San Francisco, on El Camino Real one-fourth mile north of Ralston Ave., Belmont, at 8:05 p.m. Saturday, was treated at Mills Hospital for lacerations of the arms.

His wife, Mrs. Katherine Hutchinson, was treated for multiple lacerations of the face and dismissed.

Birdsall suffered lacerations of the head and arms. He was treated at Mills Hospital and dismissed.

Lynn Bradshaw, 45, Jess Apts., South San Francisco, suffered a shoulder blade fracture and deep lacerations of the left eyebrow Saturday when he was struck by an automobile driven by Raymond F. Day, 50, 108 Franklin St., South San Francisco. The accident occurred on Bayshore Hwy. near Butler Ave., South San Francisco.

Two sailors were injured when struck by motorists. Wilbur M. Hughes, 22, a seaman second class, suffered minor injuries when struck Saturday night at 11:30 o'clock by a car driven by Hans Johnson, 27, 683 Victory Ave., South San Francisco. The accident occurred on San Mateo Ave. during a heavy downpour. The sailor was treated at Tanforan.

Allen F. Ward, seaman first class, was seriously injured Sunday at 1:40 a.m. on El amino Real near San Bruno Ave. when he was struck by a car driven by Samuel A. Ferrito, 30, of San Francisco. The sailor was taken to Tanforan and later transferred to the Treasure Island Hospital.

S & W Plant Wins 'A' Award

Col. Arthur W. Stanley, procurement director of the California Quartermaster Depot in Oakland, will present the War Food Administration's Achievement "A" Award to the men and women of the Redwood City plant of S&W Fine Foods Monday, Nov. 20. The ceremonies will be broadcast over KGO from 4 to 4:30 p.m.

Sam Hayes, Blue Network news analyst is heard Monday through Friday in S & W's "World Wide Review" at 1 p.m. over KGO and the Blue Network, will be guest speaker.

The Sixth Coast Artillery Band of Fort Scott will play for the Redwood City audience of 1000 that is to witness the invocation given by Chaplain George Z. Zentgraff, lieutenant colonel, the bestowing of the "A" award and the pin citations to S & W employes by Colonel Stanley. Jacob Blumlein, president of S & W Fine Foods, Inc., will give the acceptance address.

C of C Endorses Service Club

Directors of the Redwood City Chamber of Commerce Monday endorsed the Wings and Anchor Club program to provide a rest home for service women in Redwood City.

A. B. Cheatham, one of the organizers of the club, explained its purposes and program. He said he was not requesting financial support and the directors made it plain that they were not approving a public solicitation of funds.

The chamber expressed its thanks to Dr. James W. Thornton and to James Thomas for their assistance in speaking in favor of the $998,000 bond issue which was before the city voters Nov. 7.

Name Thomas, Butler Heads In Bond Drive

E. W. (Ned) Butler has been chosen chairman of the special events and street sales committee and James Thomas chairman of the retail merchants' association committee for the Sixth War Loan Drive which gets under way Monday, Chmn. Carl E. Ward announced this week.

Ward also announced that block matrons will have charge of a booth at Community Store, Oak Knoll Dr. and Canyon Rd., for residents of the Oak Knoll Manor-Emerald Lake district.

Redwood City's quota is $750,204 with $311,216 of series "E" bonds. Redwood City went over the quota of $883,000 in the Fifth War Loan Drive with a total of $1,176,954.50. The Redwood City area includes Redwood City, Woodside, Portola and Emerald Lake.

W. M. Martin and Hall Jacobs are in charge of industrial sales, Mrs. Florence Donnelly and Mrs. Alice Stafford have charge of block sales and Clarence Argo and Andrew Spinas are on the school committee. Dr. Sumner Hardy is in charge of the Woodside-Portola area and Henry Witte has charge of the real estate board sales. A. H. McGovern is publicity chairman.

Members of the permanent general war finance committee are J. A. Buhler, chairman; Floyd McCue, T. N. Thompson, Fred Gibbs, Hall Jacobs Ward, Walter Kellogg, Robert O'Connell, Mrs. Henry Beeger and Mrs. Vera Liguori, secretary-treasurer.

Home front "troops" who will lead the Sixth War Loan campaign in the Menlo Park, North Palo Alto and neighboring unincorporated districts will meet for "briefing" Friday night at 8 o'clock at the Menlo Park City Hall.

Mrs. Jerome Potter, chairman of the war finance committee of the Menlo Park War Council, will direct the campaign from city hall headquarters.

The sector quota is $354,492. Of this total, $170,288 must be in E bonds.

L. Polk Dodson Jr., chairman of the war council, emphasizes the heavy demands still being made on the United States Treasury — demands that will continue long after peace is declared.

The campaign slogan, he says, is "Hoard War Bonds, not cash!" Both are promises to pay by your government, he points out, but bonds accrue cash, while hoarded cash accrues nothing.

Since past experience has shown the importance of personal solicitation in bond sales, more volunteer workers will be needed than ever before.

The U. S. geological survey, using aerial photography, has completed the "photogrammetric mapping" of 11 states.

J-M Smokestack By Jim Asbestos

ACCIDENTS SELDOM ARE

"Accident" is the wrong word. It makes an accident sound accidental. And the truth is that most accidents are ASKED FOR. NINE out of ten are INVITED.

Compared to all industry, Johns-Manville's accident rate is half the national average as reported by the U. S. Department of Labor. It's good. It's fine. J-M safety engineers never cease trying to make every J-M job safe.

But accidents still happen.

Safety engineers can't do it all. Workers must help by using safety equipment provided, and by doing things the safe way.

All Americans should be especially safety-minded these days, because an injured worker now is a war casualty.

Nice Pitching, Lorna!

A waitress in Cambridge, Massachusetts, growled "Don't you know there's a war on?" at Miss Lorna Slocomb.

Miss Slocomb has three brothers in the service, her cousin was killed in Guadalcanal, her fiance is on duty in the Pacific and she has given seven pints of blood.

She broke a few dishes in the direction of the waitress. Good girl! There's been too much "Don't you know, there's a war on?"

The Other Fellow's Taxes May Be Yours

We usually don't care how much the other fellow is taxed. In fact, we sometimes get a kick out of seeing him soaked.

But usually the other fellow's taxes come off us, one way or another. J-M's taxes in 1943 were the equivalent of $817.64 per employee.

Ever stop to figure that in the pair of shoes and in everything else you buy are the taxes that the man who makes the shoes, etc., has to pay?

The other fellow's taxes are usually YOUR taxes in the long run.

They Named a Boat "Asbestos"

Asbestos was recently honored. The Canadians named a boat after it—"H. M. C. S. ASBESTOS"— a sleek corvette recently launched in Canada.

Well, it's about time. For, on all Canadian corvettes, asbestos plays a vital role. Engines, boilers and piping are insulated with asbestos to reduce heat loss and conserve fuel. Asbestos products also guard the crew's quarters from the danger of excessive heat and serious burns.

A feature of the christening was the presentation to the ship's crew of an asbestos fire-fighting suit, by the employees of J-M at Asbestos, Quebec.

-Jim Asbestos

Boy Scout Seminar Sessions Starts At Central School Auditorium This Week

Warren Van Zandt is the newest member of **Troop 104** of the First Baptist Church completing his Tenderfoot requirements at last week's meeting, according to Scoutmaster L. W. Allen. Several members of the troop attended the evangelistic meeting held at the church with items of advancement getting attention from those remaining. Preliminary plans for troop activity in the coming year also were discussed.

★ ★ ★

With 15 Scouts in attendance **Troop 143** devoted most of the time to advancement in preparation for the Court of Honor to be held at Menlo Park on Nov. 20.

★ ★ ★

K. B. Towne, chairman of the troop committee of **Troop 149** was host to the Scout members on an overnight trip to the Towne ranch last weekend. K. J. Wenzel, scoutmaster, was in charge of the outdoor program which saw several of the fellows completing their requirements for advancement in rank. The troop plans also to take part in many of the coming events including the Court of Honor.

Members of the Troop attending were Bob Keys, Roger Binkley, Bill Bauer, Bill Winkerwerder, Alex Lisin, Mickey Keleher, Richard Boydston and Ronald Giannotti.

★ ★ ★

Troop 153, H. E. Purcell, scoutmaster, is already working on projects to be used during Boy Scout Week in February, 1945, with the making of knot-boards and the study of First Aid. Also, as a result of work done on an outdoor hike on Oct. 30 several of the members will be ready for advancement at the coming Court of Honor. Seventeen Scouts and three leaders attended the hike. At the last troop meeting 25 Scouts and three leaders were present with a First Aid contest being the highlight of the meeting.

★ ★ ★

Troop 162 was visited by W. P. Stevens at its last meeting. Stevens is the neighborhood commissioner for this unit. Plans were made for a Parent's Night in the near future and there will be about 10 new scouts inducted as Tenderfoots at a ceremony the evening of Nov. 28. **Troop 108** of Menlo Park will be in charge of the ceremonies under the direction of C. J. Oram, scoutmaster. Father T. J. McKeon of Menlo Park also was a visitor. He will have a part in the program at Menlo Park. Sixteen Scouts were out for the meeting.

★ ★ ★

The regular meeting of **Troop 163** of Menlo Park last week was held at the Las Lomitas School with 10 Scouts under the direction of J. C. Davenport, scoutmaster, in attendance. The troop was visited by C. J. Cram, who is acting as the commissioner for this unit. He helped talk over plans for the organization of a Cub Pack there and talked to the members in regard to serving as Den Chiefs.

Plans for attending the Sea Scout Bridge of Honor to be held at the Masonic Hall in Burlingame on Nov. 8 were completed at the last meeting of Ship 145 of Redwood City. Skipper Britschgi voiced his appreciation for the fine turnout of the "Challenger" crew at the recent dedication of the Woodside Scout Hall. Several members of the crew joined him in a sail on the Bay following the ceremonies, he said. Several merit badges and about four advancements in rank are to be received at the Bridge of Honor.

CAR STOLEN

An automobile belonging to Archie A. Kell, 416 Douglas Ave. was stolen Sunday from the vicinity of the Sequoia Theater, Redwood City police said this week.

The car was taken sometime between 8 and 11 o'clock, Kell told police.

TRUCK DAMAGE

Approximately $75 damage was done to a dump truck owned by the California Jockey Club when it caught fire on Ralston Ave. near El Camino Real Tuesday evening, Belmont firemen reported today. A short in the wiring apparently caused the carburetor to ignite, firemen said.

To Demand Hall Resignation

When the San Mateo County Employes Assn. goes into executive session at Redwood City on Monday night a request for Henry Hall to resign as a member of the County Civil Service Commission will be made it was indicated here today by county employes.

The political tempest over Hall serving as both executive in the office of Pansy Jewett Abbott, county superintendent of schools and county civil service commissioner has reached storm proportions in the ranks of county employes.

They claim that his holding the two positions is in direct violation of the amended county charter.

The school superintendent's office recently issued a statement to the effect that Hall received his salary from the state and therefore his recent appointment to the county civil service board is not in violation of the county charter.

County employes countered with the statement that the matter of salary payment does not enter into the subject. They contend that the charter provides that no person holding a county position may serve as a member of a commission regardless of whether remuneration comes from state or county funds.

Admits $25 Theft; Denies Taking $275

James E. Philley, 36, Brisbane, today admitting taking $25 from the 101 Truck Stop service station at Bayshore over the weekend but denied taking $275 earlier in the week from the restaurant which is operated in conjunction with the service station, Dep. Sheriff Adolph Waldeck said this week.

Philley, who has been employed at the station for a month, was charged with petty theft. He was arrested shortly before 9 o'clock this morning.

DISASTER SAFEGUARDS

Although local offices of civilian defense are now greatly reduced in size and activities, plans for handling civilian disasters, originally set up in case of air raids, are still in effect. Thus doctors, nurses, bloom plasma, ambulances, stretchers and other medical supplies and equipment are available to supplement the American Red Cross services, in the event of hurricanes, fires or floods.

A victory fire extinguisher being manufactured for the army uses no copper, brass, tin or stainless steel.

Lt. Crellin Tells of Jap Ship Bombing

First Lt. Thomas N. Crellin, 22-year-old marine corps pilot who scored a direct hit on a Jap cargo ship in Rabaul's harbor last January, is home to visit his parents, Mr. and Mrs. Earl A. Crellin, 202 Finger Ave., after completing 31 dive-bombing and strafing raids in the South Pacific.

Crellin, who will report for duty as an instructor at Corpus Christi, Tex., upon completion of a 30-day leave, went overseas a year ago. His squadron operated from Munda and Bougainville, Green and Emirau Islands.

Although many of his missions were over the heavily-defended Rabaul area and he frequently flew through thick anti-aircraft fire, his plane was hit only once. He was uninjured.

After his graduation from Sequoia High School, Crellin attended Stanford University for two years where he studied aeronautical engineering.

He enlisted in the navy in 1942 with the "Stanford Flying Indians," a group of 35 Stanford students who went through "boot" training together at Livermore.

While stationed at Corpus Christi for his advanced training, Crellin transferred to the marine air corps, and received his commission in March, 1943.

He was promoted to first lieutenant a year ago.

His brother, John L. Crellin, resides in San Mateo.

Henry Hall Hits Ouster Demands

Henry C. Hall, director of child welfare and attendance in the County Schools yesterday answered proponents of a plan to oust him from the County Civil Service Commission, with the assertion that he does not derive county benefits and therefore he cannot be a county employe.

Hall said he is excluded by law from participation in the county retirement system and that his job is not a permanent one, and that his salary comes from the state. He also said he is not eligible for membership in the County Employes Assn.

He said he could see no objection to him serving on the commission if he can derive no benefits thereby.

He pointed out that he succeeded the late James Ferguson, principal of Jefferson High School in Daly City, who, like himself was a certificated employe of the state.

It was indicated in a statement yesterday that directors of the County Employes Assn. would ask for Hall's resignation when they meet in executive session Monday.

AIRBORNE BLOOD

Whole blood is now flown to Europe to supplement the use of plasma. Procurement is limited to New York and Washington blood donor centers, but other centers may be added as the needs arise.

Col. Henry Edmonds Retains Leadership In Supervisor Race; City Bond Issue Gains

Lead of Lt. Col. Henry W. Edmonds over Dr. A. E. O'Neill for the supervisorial post from the Third District had passed the 1000 mark this week.

Edmonds had received 791 absentee ballots at today's count at noon, to 718 for O'Neill. This gives Edmonds a total of 26,368 votes including both precinct and absentee ballots, a lead of 1031 over O'Neill's 25,337.

Absentee ballots counted so far give the Redwood City postwar million-dollar improvement program a "yes" vote of 133, to 42 "no" votes. This makes a total of 3940 in favor of the proposition to 1986 against it. The plan needs a two-thirds majority to pass.

Edmonds continued to hold a lead in four of the county's five townships. In the Second Township, 202 civilian absentee voters cast their ballots for Edmonds to 162 for O'Neill. In the Third Township 165 civilians and 17 service men voted for Edmonds, 132 civilians and 8 service men for O'Neill.

Edmonds leads slightly in the Fourth District, with nine civilian votes and nine service men's votes to seven and eight respectively for O'Neill. In the Fifth Township, 115 civilians and 94 service men have voted for Edmonds on absentee ballots, to 60 and 104 for O'Neill.

O'Neill holds a lead in the First Township, with 50 civilian and 187 service men's ballots to Edmonds' 45 civilian and 135 service men's votes.

A total of 2344 votes have been counted so far.

NEW EDITOR NAMED

David N. Schutz, 746 Vera Ave., member of the Tribune staff since July, was promoted to managing editor this week after the resignation of Richard H. Scott. Schutz was formerly associated with San Francisco State College. Otto Tallent, courthouse reporter, has been promoted to news editor of the Tribune.

Anthony Lovoi Appointed Deputy San Mateo County Probation Officer

San Mateo County Probation Committee Tuesday afternoon recommended the appointment of Anthony Lovoi, 31, of San Jose, as a county deputy probation officer. His appointment requires approval of Juvenile Court Judge A. R. Cotton.

The appointment of Lovoi, who is now with the juvenile probation office in Santa Clara County will complete the probation department staff under the provisions of the present budget.

Lovoi is expected to start his duties here Monday. Miss Doris McDonald of Burlingame, who earlier had been appointed to one of the two vacant deputy posts, is to take over her new duties tomorrow.

John S. Cowgill is chief probation officer and Mrs. Mona Christensen is chief deputy. There also are three stenographers on the staff.

Lovoi is married and the father of a 2-year-old daughter. Since his graduation from San Jose State College in 1936, he has been engaged in activities which fit him for the new job, Secy. Henry C. Hall said.

From 1938 to 1941 Lovoi was in the welfare department in San Francisco. In June of 1941 he became director of the Telegraph Hill Boys' Club in San Francisco. In 1942 he was supervisory officer and athletic director for the State Institution for Men at Chino. He was director of employes at Joshua-Hendy Iron Works in 1943 and took the Santa Clara County job this year.

Salary for the deputy post is $190 a month plus $20 war bonus. The term is for two years. Lovoi's choice was unanimous by the five members present. Absent were Chmn. Joseph L. Hyman and Col. Charles N. Kirkbride. Judge Edward I. McAuliffe presided.

The supervisors have appropriated $1000 for a filing system and office equipment for the probation office.

PUBLIC NOTICE

Notice of Time Appointed for Probate of Will and Codicil—No. 11749.

IN THE SUPERIOR COURT OF the State of California, in and for the County of San Mateo.

In the Matter of the Estate of THOMAS TRAVIS GREAVES, also known as Thomas T. Greaves, Deceased.

Notice is hereby given that Monday, the 20th day of November, A. D. 1944, at 10 o'clock a.m. of that day, and the Court Room—Probate Department No. One of said Court, at the Court House in Redwood City, in the County of San Mateo, State of California, have been appointed as the time and place for proving the will and codicil of THOMAS TRAVIS GREAVES, also known as Thomas T. Greaves, deceased, and for hearing the application of KENT O. SEYMOUR for the issuance to him of Letters Testamentary thereon. Reference to said petition is hereby made for further particulars.

Judge Cotton Grants Divorce to H. R. Wood

Superior Court Judge A. R. Cotton Monday granted an interlocutory decree of divorce to Harold R. Wood, operator of the Sanitary Diaper Service, 752 El Camino Real, San Carlos, from Doris C. Wood. Wood charged his wife with cruelty.

Judge Cotton aproved a settlement whereby Mrs. Wood will receive one-fourth of the net income from the San Carlos business. Wood was awarded Redwood City and San Carlos property, automobile, war bonds and bank deposits.

The Roman Catholic College of Cardinals, when complete, is made up of 70 members of whom six are cardinal-bishops, 50 cardinal-priests and 14 cardinal-deacons.

The army's first plane was flown by Orville Wright in 1908.

Huddart Park Possession Battle Looms

A fight over acquisition by San Mateo County of the 937-acre Huddart Park in the Woodside-Skyline-Spring Valley area was seen this week in the recommendation by the County Recreation Commission that the county accept the property as a gift, while the executor of the James M. Huddart estate has asked the county to decline the offer of the property.

By terms of a will made by Huddart, lumberman, who died Mar. 31, 1935, the property was to go to the City of San Francisco, and if San Francisco failed to accept it, it would go to the state. Third provision was that if both San Francisco and the state refused it, the property would go the San Mateo County.

San Francisco took possession of the property and held it for two years. San Francisco then gave up the property and state took possession of it for two years.

County Executive Frederick Peterson will meet with the recreation commission tomorrow at 11 a.m. at a private session to discuss the matter of county acceptance.

San Francisco concluded it could not maintain the property and the State Park Commission, after two years of possession, said "it is not suitable for development and maintenance as a part of the state park system under terms and conditions specified in the will."

The condition mentioned in the will was that water be provided to adjoining property, which appears to be a legal snag for public acquisition of the property.

J. R. Moulthrop, San Francisco attorney and executor of the estate, declared that one of the legal objections to acquisition of the park property by the county is that the county "has no legal capacity to enter into the agreement for furnishing water to adjoining property, as provided for in Huddart's will as a condition to the gift."

Dist. Atty. Gilbert D. Ferrell expressed an opinion to the recreation commission on Oct. 19 that the county could not legally comply with the water provision.

Ferrell said that in order to obtain title it would be necessary to reopen the estate to secure distribution to the county. He declared it is doubtful if the court would permit this, inasmuch as the time allowed to make this move has elapsed.

One loophole was seen however by Ferrell, who said "it might possibly be overcome if we had the friendly co-operation of those interested in the Huddart estate." He said he had been advised the heirs of the estate are not in favor of county acquisition.

George Stafford Injured in Action

Pvt. George Holden Stafford, son of Mrs. George E. Stafford, is "getting along all right" while recuperating from wounds received in combat in Belgium Oct. 26, his mother learned in a letter from him.

Stafford, who wrote that he was unable to write how seriously he was injured, said the story of his wounds would have to wait until a later date.

Mrs. Stafford, who resides at 910 Edgewood Rd., received word on Nov. 7 that the young infantryman had been "seriously wounded."

Stafford entered the army while he was a student at Santa Clara University, and after training at New York University and Camp Carson, Colo., went overseas in August.

Truck Stop Entered Twice in Week

The 101 Truck Stop on Bayshore Hwy. at Geneva Ave., Bayshore City, was burglarized over the weekend for the second time in less than a week, the sheriff's office reported this week.

The burglars, who gained entrance by breaking glass in the door of the restaurant which adjoins the service station with a brick, took only nickels found in pinball and phonograph machines, Dep. Sheriff Adolph Waldeck, who investigated, said. The burglary was discovered by a news vendor at 5:10 a.m. today.

Last Tuesday burglars broke into the restaurant and took $275 in cash. The service station also was broken into but nothing was taken, the sheriff's office said.

Ed Covarrubias is proprietor of the service station. R. Sperle operates the restaurant.

Whole Blood Donors Must Travel To S.F., Local Red Cross Reports

Redwood City residents desiring to respond to a plea for donors of whole blood which will be sent to Pacific warfronts via navy planes will have to go to San Francisco to give their blood, the Redwood City Chapter of the American Red Cross was informed this week.

Because of technical difficulties, the navy has limited collection of the whole blood to the San Francisco, Oakland and Los Angeles centers. For this reason, it is not possible for mobile units to participate in the whole blood program, Mrs. Lawrence Steinhardt, chairman of the blood donor service in Redwood City explained today.

The Navy Department, in announcing the inauguration of air flights which will transport the fluid blood to battle fronts as far away as Leyte Island in the Philippines within 48 hours after being drawn from a donor in San Francisco, reminded the public that the need for blood plasma continues undiminished, and that the plea for whole blood donors is in addition to the need for plasma.

The whole blood supplements plasma and is used in cases of ex-marine corps personnel. Regular treme bleeding and certain other flights of whole blood are scheduled conditions where plasma alone is to start from the West Coast about not fully sufficient. Nov. 15, the navy announcement read.

"Medical research and the devel- opment of lightweight airborne re- frigeration equipment, coupled with rapid transportation facilities of the naval air transport service, have made possible a plan for shipping whole blood from this country to the westernmost military operations in the Pacific for emergency transfusions to wounded army, navy and marine corps personnel.

Donors who come to the centers are screen-typed to determine whether their blood is "O" type, the only type which can be given to all blood groups. Only proved type "O" blood will be flown overseas. The blood of other donors will be processed into plasma.

Begin Counting Absentee Ballots

Close followers of the race for the supervisorial post from the Third Dist. today were anxiously awaiting results of absentee ballots, which were being opened Monday.

Registration deputies started counting civilian absentee ballots shortly before noon today but registration officials said there would not be enough votes counted by press time this afternoon to give an indication of the trend of the absentee voters.

Lt. Col. Henry W. Edmonds carried the county at the polls last Tuesday by less than a 1000 margin, 25,577 to Dr. Arthur E. O'Neill's 24,619. Approximately 5900 absentee ballots were applied for before the election, and approximately 3200, including both civilian and service men's votes, were back today.

Information Charges Armed Robbery to Trio

Dist. Atty. Gilbert D. Ferrell's office Tuesday filed an information charging two young wives of service men and a Long Beach man who has served a term in a federal reformatory with armed robbery.

The three, Ralph Goslaw, 21; Mrs. Marian Ethridge, 19, and Mrs. Patricia L. McMinn, 17, were charged with holding up Francis D. Hansen at the Mohawk Service Station on El Camino Real at Greenwood Ave., San Carlos, Nov. 4.

SMOKE DAMAGE

Smoke damaged the porch at the home of E. P. Fletcher at 1578 Kentfield Ave. Sunday afternoon at 12:32 o'clock when a small container of tar boiled over and ignited, Redwood City firemen reported today.

A POOR FARMER'S SON, GEORGE PULLMAN BEGAN EARNING HIS OWN WAY AT 14.
GET A MOVE ON, GEORGE!
SOME DAY I'M GOING TO BE HEAD OF MY OWN BUSINESS!
WHEN THE ERIE CANAL WAS WIDENED, PULLMAN WENT INTO CONTRACTING.
IT'S AN OUTRAGE, PULLMAN! MY WAREHOUSES WILL ALL BE UNDER WATER!
LEAVE IT TO ME, SIR. I'LL MOVE THEM AND RAISE THE STREET LEVEL.
PROPOSED WIDENING CANAL
IN 1858, PULLMAN SPENT A SLEEPLESS NIGHT ON A PRIMITIVE SLEEPING CAR.
DARN CHEEK, CALLING THIS RATTLER A "SLEEPER!"
PEOPLE WOULD GLADLY PAY EXTRA FOR A FEW REAL COMFORTS. I WONDER...
IN 1864, PULLMAN BUILT THE "PIONEER" - A HOTEL ON WHEELS FOR LUXURY TRAVEL. BUT...
WONDERFUL, MR. PULLMAN! BUT IT'S TOO WIDE FOR STATION PLATFORMS; TOO HIGH FOR OUR BRIDGES.
THEN CHANGE THEM!
THE NEXT YEAR PRESIDENT LINCOLN WAS SHOT. HIS BODY WAS SENT HOME IN STATE IN PULLMAN'S NEW PALACE CAR.
HERE COMES THE FUNERAL TRAIN NOW.
THEY HAD TO RAISE ALL THE RR. BRIDGES IN A HURRY, I HEAR, TO LET THE "PIONEER" PASS.
SOON OTHER RAILROADS WANTED PULLMAN'S DE LUXE ALL-STEEL SLEEPING CARS.
SEE, YOU SLEEP ON A COMFORTABLE BED, WITH SHEETS ALL MADE UP, AND YOU RIDE ON SPRINGS!
HOW SOON CAN YOU BUILD CARS LIKE THAT FOR MY ROAD, MR. PULLMAN?
LATER. ALL RR. SLEEPING CAR FACILITIES WERE CONSOLIDATED UNDER THE NAME PULLMAN SERVICE.
I WANT A THROUGH PULLMAN TO LOS ANGELES. SURE WE WON'T HAVE TO CHANGE ON THE WAY?
NO, SIR, NOT WITH PULLMAN SERVICE.
LAST YEAR, OVER 32,600,000 PASSENGERS - 60% OF THEM SERVICE MEN - RODE NEARLY 26 BILLION MILES ON CARS NAMED FOR PULLMAN.
WANT TO PLAY ANOTHER HAND?
NOT ME! I'M HITTING THE HAY WHILE I CAN STILL SLEEP BETWEEN SHEETS!

News of Commuters

BY JOE CABOOSE

The following is from one of our esteemed readers. We are proud to lead the column with it because of its timeliness and importance:

★ ★ ★

Men and Women of Redwood City: Last Saturday was Armistice Day. Many of you were hoping and praying for another Armistice—to this dreadful war; hoping and praying for the return of your loved ones. Many of you were mourning those who can never return, either from this war or the last. But there is more for you to do than hope, pray or grieve.

You can help in the work that will bring thousands of our boys home safe and sound; thousands who, but for the likes of you, will lie in graves far from home and loved ones. How? Just give a little of your blood. Think of it! A very little of your time, a very little of your blood . . . and another boy lives!

Think of the glorious pride that will be yours when you leave the Red Cross Blood Bank, saying to yourself, "I have actually given the precious gift of life to another human being!" Think of your joy when the war is over to see the happy faces of our returning heroes, and to realize that but for you one or more of them would never have come home!

Had we had this precious plasma during the first world war, thousands would be alive today who were being mourned last Saturday, alive and happy with their families and friends. Won't you give someone his life? Just telephone or come to the Redwood City Chapter of the American Red Cross for an appointment that will fill your heart with happiness. Telephone Redwood 4750.

★ ★ ★

The above contribution was submitted by Mrs. Richard tum Suden, an active worker in the Red Cross. To try to add anything to that eloquent appeal would be like trying to gild the lily.

★ ★ ★

Commuters had a fine meeting Thursday night, despite inclemency of the weather. About 50 turned out for the excellent dinner served at the Woman's Club, and to hear Lt. T. R. Edwards, USNR, of the Port Director's office in San Francisco, explain "what makes the navy tick." The Woman's Club, incidentally, is proving very popular as a meeting place . . . which is a surprise to many, both in and out of the Club, who believed that Commuters could be lured to dinner only via the "third rail" and over a sawdust floor. How naive!

★ ★ ★

A large measure of the success of the last two meetings is credited to Pres. Stanley Perkins for the capable manner in which he presided. "Stan" runs through the program with a fine appreciation of everyone's time. Last Thursday, for instance, a splendid dinner was enjoyed, the speech-making was 'all done and the meeting adjourned by 9:30 p.m. In these days of 48-to-60-hour shifts and war fatigue, it is a relief to get home so early . . . and find yourself still on speaking terms with the wife.

★ ★ ★

It was refreshing, too, to see some of the old-timers back in attendance; for instance, Col. Harry Day, Walter Harden, Guy Farwell, Martin Levy, Charley Hellwig and others. New members introduced included Wm. Dohrman of 61 Westgate, Jack Marpole, 2559 Woodland Ave.; Vincent Malone, 350 Hudson St.; Chas. G. Wilcox, 511 Buckeye, and Harry Glass, corner Grand and Catherine Sts. The Club is experiencing a very wholesome and satisfying growth.

★ ★ ★

Claude Gerdes drew the carriage trade when he entertained the club directors at his home last Tuesday evening (the night of the big wind). It had been rumored that Claude had a well-stocked cellar and pantry. The rumor was fully confirmed by 18 directors and officers. The group adjourned about 10 p.m., and then moved en masse across the street to join Doc O'Neill's election party. That was one night we had to tip-toe to bed with our shoes in our hand.

★ ★ ★

Mrs. William Curran is on the sick list this week. . . . Lloyd Liebman missed the meeting Thursday account of illness. . . . A number of Commuters and members of their families have been laid up with colds and flu but as far as we know none are seriously ill. . . . Members were sorry to learn Ross Winchester has resigned as chairman of the house committee, account moving to San Francisco. Directors accepted resignation "with regret" and President Perkins appointed Co-Chairman Jack Welch to serve as chairman.

★ ★ ★

Little Betty Cruse (daughter of Mr. and Mrs. Wrex) tearfully asked us to help her find her pet kitten, which has been missing since Saturday. The cat is gray and nearly full-grown and answers to the name "Pansy." Betty lives on the corner of Elwood and Brewster.

★ ★ ★

Street car service in San Francisco is still the world's lousiest. It takes the rainy season to impress upon you just how terrible it is. If L. V. Newton, the 20-grand-a-year "genius" inherited from the wreck of the Market St. Ry. has done anything to improve the alleged "unified" service, there is no visible evidence of it anywhere, particularly as it affects commuters.

★ ★ ★

During our recent absence, the R. C. Tribune received a letter addressed to Joe Caboose from the traffic committee of the SF Jr. Chamber of Commerce, explaining that group's recommendation for eliminating Nos. 41 and 16 bus lines which have been serving commuters at 3rd and Townsend depot. They proposed the curtailment of service "even though some commuters might be inconvenienced by walking an additional block or two, or by transferring." This was to be in the "interest of better overall transportation." Farther down in the same letter they say in effect, "but don't worry now; we find there is plenty of equipment available, and not only can the No. 41 and No. 16 remain, but it may be possible to increase the service on these lines."

What annoys us is the trend of thinking in San Francisco about commuters, the implication that they are of no real value to the business and economic life of the community. Let 'em walk a block or two in the rain! Who cares? As if the service isn't god-awful enough as is. Whoever heard of a major metropolitan terminal by-passed by the city's transit lines? It's high time commuters organized as a Bay Area group and demanded their rights. The San Francisco idea seems to be that commuters are as good as white people, if they behave themselves.

GARDEN: State Growers Have Market for Pear Crop

BY ROLLY LANGLEY

Did you know that some California growers have developed a swell Christmas market for their winter pears? (You do if you read this column about this time last year, for the growers were busy then, too.) This is to report that they're still going strong — or stronger, as shown by the recent literature they've put out in full color. It's strictly first class, with full color pictures, which they feel is the only way to do justice to the fruit and the package they produce.

The pears are always a surprise during the winter season. It seems miraculous that such color perfection, flavor and texture could be brought to peak when other deciduous fruits, with the exception of apples and persimmons, are either gone or stiff from cold storage.

It's the sort of package, the kind of operation I expected when coming to California a quarter of a century ago. But it took a lot of managing and efficiency to bring it about . . . more than just the growing of the pears, remarkable as that job is.

Two growers, Day and Young in Santa Clara, became the specialty packers for the Comice orchards. They picked a suitably descriptive name — "Buttersweet" — and then worked on the package and the marketing until things started clicking. It takes brains to get an idea, but even more to carry it out.

After the war, some greenthumbers may find the going tough. Jobs may be scarce when ship yards, plane factories and war plants curtail or stop their operations. To some of these greenthumbers, California produce may ofter opportunities. Many delicious foods can be grown here. And for those with vision, these foods hold opportunity. Because there's more to the growing than meets the eye. There's the ideal which demands perfection and insists on minding each detail which leads to it.

It's been proven many times, for example, that winter pears of good quality aren't enough for the American market. Before the war they sold readily in Great Britain. But they didn't have the polish, the eye appeal demanded by the American public. And polish, literally and figuratively, sells foods.

Take home green walnuts for another example. If they are brought in and allowed to cure without proper bleaching, they never seem quite so good to eat as the nuts on the market with their cleaned, tan shells. Vegetables from the Victory Garden always taste better if they're scrubbed and trimmed well before getting past the pantry. Often food at an agricultural show isn't actually of such outstanding quality. It's the way it's been "polished up" for show purposes.

The average housewife probably never realizes how much trouble people go to in order to put on a "show" for her. . . . The way apples are stacked in the grocers' windows . . . the colors on the labels of the canned goods . . . the "sweating" of the oranges to give them more brilliant color.

Bon Voyage baskets, Christmas packages of dried fruits, these have been popular because they've received fancy care. And such items can always be sold. Cherries faced so that the stem of each is down look more attractive — and they bring a price which not only pays for the added labor, but gives an extra profit as well.

Not all the ways to pack and process California fruits, nuts and vegetables have been discovered. There's room for new ideas — and a market for the products.

Confections hold promise, once sugar is available. Candy bars featuring real California fruits and nuts, for example. Maybe New York or Chicago manufacturers will be the first to exploit it, but the market is there. Dried pears with chocolate coating are delicious. Tender, translucent, gumdrop-like fillings made of fruit, chocolate covered! We'll be seeing them! And they'll have that polish mentioned with the pears, or they'll flop.

"We have 4,300,000 jobs to do today"

THESE are busy days for everybody in the telephone business. About 4,300,000 Toll and Long Distance messages go over the lines in the average business day. (That's in addition to more than 100,000,000 daily local conversations.)

We appreciate your help, especially when you're on a line to a war-busy center and the Long Distance operator says — "Please limit your call to 5 minutes."

JOAN REMEMBERED GOOD APPLES

UMMM! DOESN'T THAT APPLE LOOK NICE AND SHINY!
YEAH, BUT IT DOESN'T TASTE SO GOOD!
WHY, JACKIE, DON'T SAY THAT! THEY LOOKED SO ATTRACTIVE IN THE STORE, I LET THE MAN SELL ME A WHOLE DOZEN!
DON'T LIKE IT!
MOM, AT THE SMITH'S HALLOWE'EN PARTY, EVERYBODY SAID THE APPLES WERE SO GOOD AND FRESH AND JUICY. I HEARD MRS. SMITH SAY SHE'D GOTTEN THEM AT A STORE WHERE THEY'RE NATURALLY FRESH.
WHERE WAS THAT, JOAN?
THIS IS THE STORE MRS. SMITH MEANT. JUST LOOK AT ALL THE GOOD THINGS!
AND SAFEWAY GUARANTEES THEM! I'M GLAD YOU REMEMBERED WHAT MRS. SMITH SAID, JOAN!
BET THOSE APPLES TASTE FRESH, MOM!

Yes, In Produce It's The Eating Goodness That Counts!

Safeway's fruits and vegetables—*naturally* fresh—are rushed as fast as possible from field to store, retaining their finest eating qualities. Take advantage of Safeway's good produce, this week and every week!

SAFEWAY

Easy to bake for Holiday eating!

THE HOLIDAY season is "just around the corner" and now is the time to think about the good things we can bake—good things to top off any fine dinner! For example, a fruit cake or a special pie or a holiday pudding.

DARK FRUIT CAKE

1 cup enriched flour
½ tsp. nutmeg
¼ tsp. cloves
¼ tsp. salt
½ cup shortening
½ cup brown sugar, firmly packed
4 eggs
2 cups seedless raisins
½ cup thinly sliced citron
½ cup thinly sliced candied orange peel
⅔ cup chopped nutmeats, peanuts, walnuts, pecans, etc.

Sift and measure flour; sift again with spices and salt. Cream shortening; add sugar gradually, creaming until light and fluffy. Add eggs one at a time, beating well after each addition. Add flour mixture gradually, combining thoroughly. Fold in fruits and nutmeats; mix. Pour into loaf pan (8x5½x3) lined first with well-greased manila, then waxed paper. Bake in slow oven (275° F.) 2¼ hours or until done. Makes 1 loaf.

Note: Cake is the "quick-baking" type. May be stored for only a few weeks.

TWO-IN-ONE PIE

3 medium-sized cooking apples
2 tsps. flour
6 tbsps. sugar
½ tsp. cinnamon
¼ tsp. nutmeg
Enough pastry for 2 crusts
1 tbsp. butter or margarine
1½ cups mincemeat
¼ cup fruit juice or cider

Peel and slice apples; sprinkle with combined flour, sugar and spices. Divide pastry in half; roll out each half. Make two large turnovers using apple filling dotted with butter or margarine in one, mincemeat with fruit juice or cider in the other. Seal well and place together in one 9-inch pan. Prick marking in top of each turnover, using A for apple and M for mincemeat. Bake in hot oven (450° F.) 10 minutes; reduce heat to moderate (350° F.) and bake 40 minutes longer or until done.

HOLIDAY PUDDING

1 cup enriched flour
1 tsp. baking powder
½ tsp. soda
½ tsp. salt
1 tsp. cinnamon
¼ tsp. allspice
¼ tsp. cloves
1 cup milk
1 cup dry bread crumbs
½ cup shortening, melted
½ cup molasses
½ cup raisins
½ cup finely cut candied fruit or citron

Sift and measure flour; sift with baking powder, soda, salt and spices. Heat milk to boiling point; pour over bread crumbs and let stand 5 minutes. Blend in melted shortening and molasses; add dry ingredients to which raisins and fruit have been added; stir until smooth. Pour into well-greased and floured quart mold, filling ⅔ full. Tie 4 or 5 thicknesses of parchment or wax paper over top of mold. Place on rack in deep kettle. Fill kettle with boiling water to ½ depth of mold. Cover kettle tightly; steam 2½ hours or until done, adding additional boiling water as needed. Serve warm with Hard Sauce; serves 8.
